Vortex Axial Fan Ventilator and Dryer

The Vortex air mover will ventilate confined spaces and aid in the drying process. 12" axial fan blades pull air out or propels fresh air to inaccessible areas through up to 125' of ducting. The Vortex is also an ideal choice for drying large open spaces like gyms, concrete pads, hallways, etc.

The Ace™ TurboDryer®

The Ace TurboDryer features high air flow of 2,000 CFM tested, low amp draw of 1.5 amps and versatility with six different operating positions. This combination of power, efficiency and versatility allows assembling of the most effective drying system available.
