

# THE FLOOD PUMPER

*Water & Fire Restoration*

Introducing the flood pumper from U.S. Products - a flood pumper specifically designed for water restoration. Offering an incredible vacuum performance of 200 CFM, the Flood Pumper is no converted carpet cleaner, It handles the toughest water recovery problems.

The Flood Pumper operates on a single power cord - a big help considering electricity is often limited in a disaster. It discharges through a standard 3/4" (1.91 cm) garden hose, so you can link several together. To ensure continued operation, it features dual vacuums and dual pumps. Plus, it is the lightest flood pumper in the industry. Still flooded with questions?

# THE FLOOD PUMPER

## Water & Fire Restoration

### Features:

- 200 CFM
- Single Power Cord
- Two 2-Stage Vacuum Motors
- 10.5 GPM (39.75 LPM) Dual Pumping System
- Electronic Overflow Protection
- Quattro 50-Mesh Filter System
- Large Capacity Recovery Tank
- 1-1/2 Inch (3.81 cm) Dump Valve
- 2 Inch (5.08 cm) Diameter hose intake
- Single Discharge Fitting, Included 50-Foot (15.24 m) Hose
- Transport Wheels
- Dual Lift Handles
- Lightweight Design
- Heavy-Duty Polyethylene Construction
- 1-Year Limited Warranty; Lifetime Body

### Benefits:

- Powerful enough to tackle the toughest recovery jobs
- Keeps up with the best recovery system tools and equipment
- Low-amp design reduces time-consuming search for more than one power plug
- Safety features that prolong vacuum life
- High-grade filters protect pump and are removable for easy rinsing
- Large recovery tank opening makes cleaning simple
- Polyethylene body won't rust, crack or dent
- Uses standard 3/4-inch (1.91 cm) discharge hose (FLOOD-230-CE supplied with QD fitting)
- Easy to transport and maneuver into hard-to-reach places
- Lighter than all other pumpers for easy lifting

### Specifications

<b>Vacuum Performance</b>	200 CFM
<b>WaterLift</b>	80 Inches - 203.2 cm
<b>Power Cord</b>	25-Foot (7.62 m) 12/3 with Hospital Grade Plug
<b>Power Consumption</b>	13 Amps (8.4 Amps for FLOOD-230-CE)
<b>Vacuum System</b>	Two 2-Stage Vacuum Motors
<b>Vacuum Hose</b>	25-Foot (7.62 m) Length
<b>Hose Intake</b>	2-Inch (5.08) Diameter
<b>Overflow Protection</b>	Electronic Float/Auto On-Off
<b>Pumping System</b>	Two Diaphragm Pumps
<b>Discharge Hose</b>	50 ft (15.24 m) Length (Two 25-foot (7.62 m), 3/4-Inch (1.91 cm))
<b>Pump Discharge</b>	10.5 GPM - 39.75 LPM
<b>Filtering System</b>	50-Mesh Stainless Steel Removable Filters (Two Inside Recovery Tank/Two In-Line)
<b>Recovery Tank w/Dump Valve</b>	12 Gallons - 45.42 Liters
<b>Tank Construction</b>	High-Density Polyethylene
<b>Front Wheels</b>	3-Inch (7.62 cm) Swivel
<b>Rear Wheels</b>	8-Inch (20.32 cm)
<b>Weight</b>	70 Lbs. - 31.75 kg
<b>Warranty</b>	1-Year Limited, Lifetime Body
